Pass it On

The fund will be open to football groups of any ages and stages, so long as they adhere to the funding criteria.

Grants of up to £250 will be provided to worthy causes around the local area that align with the main aims of our work.

Supporting the Community

A key pillar of Inverness CT Community Development is to provide support for the football community of Inverness.

Using primarily the funds generated through matchday car parks and raffles, we are excited to announce the chance for local football groups to get access to funding to help support their projects to purchase goals, footballs, kit or awards.
